## Excellence + Care

We provide weekly services through our Partners in Excellence program including Dr. Asif Ishaque, M.D. an Internal Medicine Specialist with over 27 years of experience. Dr. Ishaque has been the Medical Director providing care to Briarwood patients for over 9 years. Briarwood physicians have practices in the community, round at area hospitals and are available at Briarwood.

## Restorative + Care

### Sub-Acute Rehabilitation

The Rehabilitation Program at Briarwood Nursing and Rehab is designed to restore patients to their healthy selves as quickly as possible. The rooms in our dedicated Sub-Acute Rehab wing, all have their own private bathroom including shower. We assist patients in recovering from illness or surgery, with full regimen of therapy services. Physical, Occupational and Speech Therapy are offered seven days a week, within our fully equipped state of the art Therapy gym.

Our expert team of therapists utilizes the latest rehabilitation techniques to create an individualized care plan for each patient. When you're ready to go home, our caring staff will guide you every step of the way, with comprehensive discharge planning and post discharge follow up.

## Community + Care

The owners and operators of Briarwood Nursing and Rehab live here too. As members of the community, we appreciate that we are serving our friends and neighbors. We walk the floors, visit with patients, talk to families and assist staff with meeting patient's needs. Our hands-on management approach keeps us in touch with every patient's experience. We ensure that each patient is treated with respect and dignity, and there is always someone to talk to, should any concerns arise.
